Product Benefits

The **agent Buddy Training Switch** splits your RJ11 Headset Port in two enabling side-by-side training like never before. This adapter allows both individuals to enter or leave the conversation at any point via the dual mute buttons located on top of the buddy training switch, allowing for quick call intervention if necessary. This training device is also compatible with top brands including Jabra, Plantronics and Sennheiser.

agent has become one of the fastest growing headset brands in the UK. Our cost effective, high quality headsets have enabled call centres and offices to experience higher levels of productivity and efficiency, which allows them to provide a better customer experience.

Product Features

- Side by side training switch
- Dual control
- 2 mute buttons
