The **agent EHS 550** works in conjunction with the W860 & W880 DECT headsets and gives you remote operation of your deskphone

Product Benefits

The **agent EHS 550** Adapter works in conjunction with the agent Wireless DECT headsets. It offers remote operation of your deskphone, eliminating the need for a mechanical handset lifter. This offers you the freedom to move around the office but still be able to answer calls while you are away from your desk.

agent has become one of the fastest growing headset and telecoms brands in the UK. Our cost effective, high quality headsets and telecoms peripherals have enabled call centres and offices to experience higher levels of productivity and efficiency, which allows them to provide a better customer experience.
