Other manufacturers:

Other versions of this product are available for the following manufacturers:

Alcatel

Avaya

Panasonic

Polycom

Siemens

Toshiba

To check which handsets from each manufacturer are compatible, please visit the accessories section of our website: www.agentheadsets.com

Step 1: Connect Cable A

1. Insert the blue plug on Cable A into the 'AUX' port on the back of the W860/W880 base unit.

2. Insert the clear plug on Cable A into the 'H/S EHS' port on the EHS 550.

Step 2: Connect Cable B

Cable B is supplied with your Agent W860 or W880.

1. Insert either end of Cable B into the 'TEL' port on the underside of your base unit.

2. Insert the other end of Cable B into the 'AUDIO IN' port on the EHS 550.

Step 3: Connect Cable D to RJ-45 coupler

1. Insert either end of Cable D into the 'DHSG' port on the EHS 550.

2. Connect the other end of Cable D to the RJ-45 coupler (supplied with Aastra DHSG cable kit).

Step 4: Connect DHSG cable

1. Connect the blue end of the Aastra DHSG cable to the other side of the RJ-45 coupler.

2. Insert the green end of the Aastra DHSG cable into the headset port on your Aastra deskphone.

3. Insert the yellow end of the Aastra DHSG cable into the expansion module port on your Aastra deskphone.

Please check your deskphone's manual for locations of the headset port and expansion module port.

Step 5: Adjust phone settings

1. Set the audio mode on your deskphone to Headset/Speaker:
Options > Preferences > Set Audio > Audio Mode > Headset/Speaker

2. Disable 'Goodbye Key Cancels Incoming Calls' setting:
Aastra Web UI > Basic Settings > Preferences > General

Your EHS 550 will now be ready for use with your Agent W860 or W880 and Aastra deskphone. If you encounter any problems setting up or operating your products, please call Agent headsets on 0845 873 8085.
