Other versions of this product are available for the following manufacturers:

Aastra

Alcatel

Avaya

Panasonic

Siemens

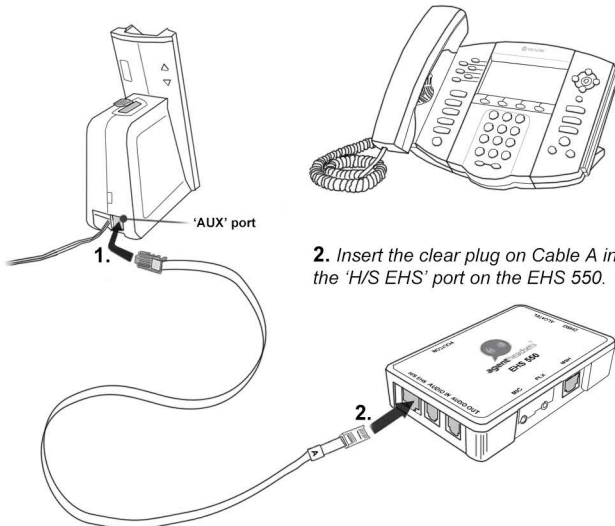

Toshiba

To check which handsets from each manufacturer are compatible, please visit the accessories section of our website: www.agentheadsets.com

Step 1: Connect Cable A

1. Insert the blue plug on Cable A into the 'AUX' port on the back of the W860/W880 base unit.

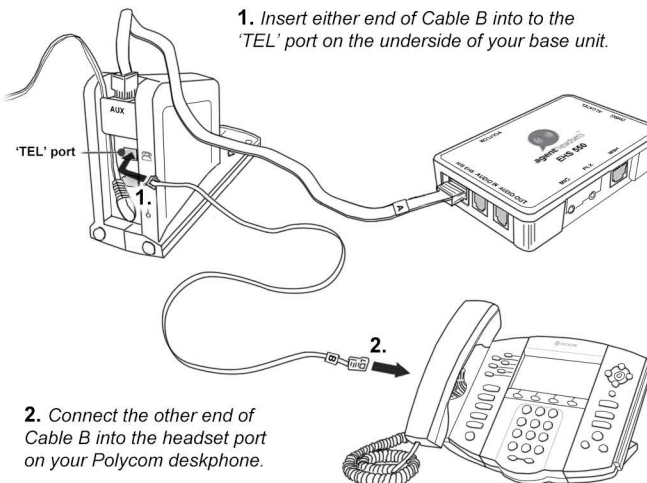

2. Insert the clear plug on Cable A into the 'H/S EHS' port on the EHS 550.

Step 2: Connect Cable B

Cable B is supplied with your Agent W860 or W880.

1. Insert either end of Cable B into the 'TEL' port on the underside of your base unit.

2. Connect the other end of Cable B into the headset port on your Polycom deskphone.

Please check your deskphone's manual for location of the headset port.

Step 3: Connect Cable E

1. Insert one end of Cable E into the Polycom socket on the EHS 550.

2. Insert the other end of Cable E into the 'AUX' port on the bottom of your Polycom deskphone.

3. Your deskphone now needs to be set to 'Jabra 'DHSG' mode:

- Press 'Menu'
- Select: Settings > Basic > Preferences > Headset > Analog Headset
- Press the select key to activate 'Jabra DHSG' mode

Your EHS 550 will now be ready for use with your Agent W860 or W880 and Polycom deskphone. If you encounter any problems setting up or operating your products, please call Agent headsets on 0845 873 8085.
