

Entry-level headset for analogue phones

agent 150

agent 250

Connects to:

The agent 150 & 250 are competitively priced, entry level headsets made especially for use with traditional analogue phones and feature a direct RJ9 connection. The lightweight construction utilises a tough curled cord which extends to a length of 2 metres to give the user added freedom combined with the reliability of a corded headset.

Features		Benefits
User Interaction	The 150 single earpiece and T-bar The 250 dual earpiece	Allows the user to interact with colleagues during calls Allows the user to concentrate more on call and filters out general office noise
Design	270 degree rotation microphone boom Adjustable headband Flexible microphone boom Soft foam earpads Removable earpads (spares provided) Robust construction	Allows the unit to be used for either the left or right ear Ensures the headset is optimised for use and comfortable to wear for extended periods Ensures the microphone to be positioned in the optimal position to ensure the user's voice is picked up clearly Makes the headset comfortable to wear for extended periods Allows the headset to be serviced and cleaned The headset will cope with rigours of the modern office environment
