Wireless DECT headset for PC and deskphone

Agent AW50   ## Agent AW60

Connects to:

The Agent AW 50 and AW 60 headsets are fully wireless headset solutions offering the user the ability to work with true wireless mobility. The dual-connectivity base allows you to take calls directly from a deskphone or your computer softphone.

	Features	Benefits
User Interaction	Wireless Connectivity	Frees the user from taking calls just at their desk or PC through wireless mobility
	Up to 9 hours talk time	Battery provides the user up to 9 hours continuous use between charging
	Noise-cancelling microphone	Filters out background office noise for the caller
	Wideband frequency	Creates a more rounded natural sound for the caller and user
	Built-in headset controls	Allows the user to answer, end calls, increase and decrease volume as well as mute calls
	Transmission volume control	Outgoing volume can be adjusted on headset base station
	Magnetic charging unit	Easy docking of headset to charging stand
	Out of range indicator	Audio tones warns the user if they lose connection with the master unit
	Online indicators	Headset LED lights to indicate a call in progress
Technical Specification	Maximum range of 100m	Allows to user to move up to 100m from the master unit (in line of sight)
	3-way conference calling	Additional headset can connect with base unit to create a localised conference call
	DHSG protocol	EHS feature allows users to handle calls with the headset only, without interacting with the phone/PC
	DECT 6.0/GAP (Generic Access Profile) compatible	Meets all the necessary standard EN 300 444 requirements
Protection	Acoustic shock protection for user	Prevents noise levels exceeding 118db thereby protecting the user from potential hearing damage
Connectivity	RJ9	Allows the unit to be used with desk telephones
	USB	Makes the headset compatible with any USB platform
Quality Assurance	2 year warranty	Provides peace of mind should anything go wrong
	CE approved	Ensures the product is built to the highest standards
